International health insurance for travelers,
students, au pairs around the world

Protrip World

What makes Protrip World unique?

Regardless of where you live, where you are currently staying or where you want to travel to. With coverage for up to 12 months (an extension is possible on request), you can dive into your adventures without worrying about policy interruptions.

Forgotten to take out insurance? The existing insurance can not be prolonged? We have the solution! Most travel insurance policies must be taken out before departure. Once you are abroad, insurance is no longer possible with most providers. Protrip World can also be taken out after departure.

Your travel plans change?

You can cancel free of charge before the start of the insurance without giving any reason. The travel period changes? Rebook the insurance period free of charge. Are you travelling home earlier? You will be refunded any premiums you have paid too much.

With Protrip World the choice is yours. Comprehensive insurance package or low budget insurance - Protrip World can be everything. By buying the additional package consisting of accident, liability, baggage and assistance insurance, you will get comprehensive insurance cover.

How it works

The most important key facts

Requirements for insurance with Protrip World:

Comprehensive – Simple – Individual

There are two tariff levels: For stays worldwide with or without USA / Canada. You can only take out Protrip World international health insurance with a deductible. The insurance covers newly occurring illnesses - both outpatient and inpatient treatment, including operations - worldwide. Even if you are on holiday in your home country, the insurance cover is valid for up to 6 weeks (for the entire term of the contract).

Protrip World covers outpatient medical treatments and if you require inpatient care during your trip, we cover the costs of hospital stays, including any necessary operations. In case of dental issues, our insurance covers pain-relief treatments, including simple fillings and repairs of existing dentures or prostheses, up to €500 per case.

The insurance includes a 24-hour emergency call as well as the organisation of hospital stays and return transport. You can also book a package consisting of personal liability, accident, baggage and assistance insurance.

When you take out the insurance online, you will immediately receive your insurance confirmation in German and English, which you will need for consulates and authorities.
