The Provisit Come In is specifically designed for individuals who are already covered by a global policy under a group plan and must meet additional legal requirements for their stay in Germany. Your existing global policy remains in full force. This means that medical care will continue to be provided through your global policy. Provisit Come In ensures that you meet all formal requirements in Germany.

Provisit Come In is particularly necessary when insurance, including long-term care insurance, is required for a visa application or to meet official requirements. In these cases, Provisit Come In supplements your existing coverage in a targeted and reliable manner.
